

08 May 2020

Good Afternoon Parents,

As per our communication earlier this week, some changes to school arrangements for students will take place next week:

- Students in Prep and Year One will resume school as normal from **MONDAY 11 MAY** (Week 4).
- Until 25 May, students in Years Two – Year Six will continue the current Learning From Home model.
- Students in Years Two – Year Six are set to resume school as normal from **MONDAY 25 MAY** (Week 6).
- Children of essential workers and vulnerable children will continue to be able to attend school for supervision.

With the date of return for all students nearing, the following Health and Safety measures will be in place from **MONDAY 11 MAY** and all parents are asked to adhere to these requirements:

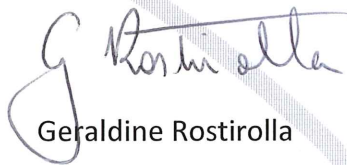

1. All Parents **MUST** use our Stop, Drop and Go area each morning and afternoon rather than walking students into the school grounds or collecting them from classrooms.
2. To make this transition easier for parents and students we have allocated extra staff to be available in the Stop, Drop and Go area each morning and afternoon to assist students. If this is not your current routine, we ask that you discuss this arrangement with your children over the weekend.
3. When collecting your child in the afternoon, please ensure you have your family name displayed on the visor of your car. If you do not have a namecard, please email your eldest child's classroom teacher, so that this can be arranged for distribution via your child on Monday.
4. If your child arrives at school after 8.35am, parents will need to sign students into school via the office, as per normal Late Arrival procedures.
5. Due to current restrictions, parents and siblings are NOT permitted into classrooms. If you wish to speak with your child's classroom teacher, please do so via email or telephone the school office.
6. Adults must not gather in and around school grounds, carparks, school gates and outside classrooms.

7. Physical distancing of 1.5m is required by all adults.
8. Students will engage in regular effective hand-washing and hygiene protocols, including regularly washing hands with soap and water, or using hand sanitiser and covering coughs and sneezes.
9. Students and staff who are unwell must not attend school.
10. Increased cleaning frequencies of high-touch surfaces such as light switches and door handles will continue.

We ask all families to please follow these important procedures, so as to keep all members of our Emmanuel community safe and well. By strictly adhering to these COVID-19 restrictions, we hope to see all students return to school in the very near future.

Kind regards,

Geraldine Rostirolla
