Dear Parents,

One of the most important issues in society today is the way we care for, develop, value and celebrate our children and young people. As parents and teachers, we have the responsibility of working together to listen to what children are saying and most importantly **to promote their well being**.

Parenting is as challenging as it is rewarding. So, what might we do in our home environment to assist our children to be successful in the environments outside our home? The answer is to continue to provide good nurture, with plenty of love and encouragement that has sensible structures and boundaries.

Changes in society over the last 30 years have resulted in changed structure for many families. In the past, the task of parents in raising children was probably eased by the informal supports of the extended family, having a network of friends among neighbours and from living in a community that shared common interests and aspirations.

Nowadays, as individuals and families, we are very mobile. We travel around the country and overseas for work, for affordable housing, for fun. We get around our city, town or suburb much more easily than our grandparents could. We become involved in cultural activities, sports and hobbies even though they may be some distance from our homes. We make friends with people who live a long way off and we use new communications technology to maintain relationships with them. This single factor of mobility has greatly changed family dynamics.

Evidence has been accumulating about the best ways to promote the well being of our young people. Children's Commissioner Gillian Calvert suggest it is critical for young people to have strong connections with their family and with the institutions in their community especially with their school. "Strong relationships are the best way to maximise the possibilities that children grow up safe and healthy, that they will participate in education, culture and employment and they will not become involved in violence and crime".

To make life better for our children, we don't need to access the internet from our mobile phone or be able to convert foreign currency to dollars in an instant. We do need supportive families and communities. Time spent with your family is time well spent.

Wishing you every blessing for the coming week,

**Geraldine Rostirolla**  
(Principal)

## RE Matters

### THE LUCKY ONES – A REFLECTION

If you have food in your fridge, clothes on your back, a roof over your head and a place to sleep,  
**you are richer than 75 percent of the world.**

If you have money in your bank, your wallet, and some spare change,  
**you are among 8 percent of the world's wealthy.**

If you woke up this morning with more health than illness,  
**you are more blessed than the million people who will not survive this week.**

If you have never experienced the danger of battle, the agony of imprisonment or torture or the horrible pangs of starvation,  
**you are luckier than 500 million people alive and suffering.**

If you are free to attend any meeting or gathering you want (political, religious, social)  
**then you are luckier than 3 billion people in the world.**

If you can read this message,  
**you are more fortunate than 3 billion people in the world who cannot read at all.**

### OCTOBER - WORLD MISSION MONTH

This month we will be celebrating SOCCERTOBER.

It is an opportunity for us to focus our attention on those less fortunate than ourselves and to be grateful for all that we have. Students in all classes will explore Catholic Social Teachings and participate in activities that promote justice, prayer and action. Together we can make a difference and help others.

With a focus on Thailand, 'We are Still Here' is the theme of Catholic Mission's appeal this year. SoccertoBER badges will be on sale next week. Badges are \$1.00 each and all money raised will be forwarded to the Missions.

### MAKING JESUS REAL – THANKFUL THURSDAYS

*"I complained I had no shoes, until I saw a man who had no feet."* (Unknown)

It is easy to take for granted all that we have. On Thankful Thursdays, students are encouraged to give thanks for their many blessings and to appreciate how lucky they are. Together we are fostering an 'attitude of gratitude' that is evident in word and action, in the way we treat each other and care for the beautiful world we share.

**What are you thankful for today?**

## **OCTOBER - MONTH OF THE ROSARY**

***The Rosary is the most beautiful and the most rich in graces of all prayers; it is the prayer that touches most the Heart of the Mother of God...and if you wish peace to reign in your homes, recite the family Rosary.*** (Pope Saint Pius X)

*The Rosary is the story of the New Testament. Through the beads we recall the joyful, sorrowful and glorious times in the life of Mary and Jesus. We follow Mary from the Annunciation, when the archangel Gabriel came to ask her to become the Mother of Christ, to the day she was crowned Queen of Heaven. We follow Jesus from the moment the Holy Spirit came upon Mary, through his childhood, his cruel death on the cross, the joy of Easter when he rose from the dead, to the day he ascended to Heaven in glory. We celebrate Pentecost and through the Luminous Mysteries reflect on the teachings and miracles of Jesus.*

During October we are encouraged to pray this beautiful prayer and to reflect on the mysteries of our faith which it memorialises. Each Monday, Wednesday and Friday this month, students and staff will gather in the chapel at lunchtime to say The Rosary. We will pray for peace in our families, our school and in our world. A big thank you to the students who have been helping to lead this time of prayer.

Look at these fabulous Rosary Folders the students in Year 5C have been making to help them learn about and pray The Rosary. All classes will be praying The Rosary this month.

To find out more about The Rosary and how to pray it, go to Catholic Online:  
<http://www.catholic.org/prayers/rosary.php>

## **DAY FOR DANIEL - WEAR RED**

On Friday 29 October we will join with the rest of Australia in acknowledging 'Day for Daniel'. It is a child safety and protection initiative that aims to help empower our children to Recognise, React and Report if they feel something is not right. 'Wear Red and Educate' is the theme of 'Day for Daniel'.

All students are invited to wear something red (socks, shoelaces, ribbons) with their school uniform on this day. It is not a free dress day. No donation is required for participation.

For more information about the Daniel Morcombe Foundation and 'Day for Daniel' go to  
<http://www.danielmorcombe.com.au/>

Next month, Bruce and Denise Morcombe will visit Emmanuel to share Daniel's story and to promote the key messages of the Daniel Morcombe Child Safety Curriculum.

**We are getting  
Red, Red, Ready for Day for Daniel!**

## **VIRTUE OF THE FORTNIGHT – GENEROSITY**

**“Generosity isn't an act. It's a way of life.”** (Chip Ingram)

Generosity is one of the best ways to show love and friendship. You share freely, not with the idea of receiving something in return. Someone showing *generosity* is happy to give time, money, food, or kindness to people in need. When you are generous, you put others before yourself. When you're forgiving, kind and gentle to people, you show generosity of spirit.

**“We make a living by what we get, but we make a life by what we give.”** (Winston Churchill)

## Health Guidelines for Students

A reminder to all parents that Emmanuel Catholic Primary School and the Rockhampton Catholic Education Diocese follow all relevant QLD Health guidelines.

At this stage, we continue to operate in a *COVID-normal* environment, which is what we have experienced in the past months. With the ever changing situation in Queensland, I refer parents to the [QLD Health Website](#), which will provide the most up to date information pertaining to parents and students.

Again, I ask that parents adhere to all relevant Qld Health requirements and keep students home if they are unwell. If students have a COVID test, they are not to return to school until the results has been returned. If families have any queries, please consult the [QLD Health Website](#) or contact the school office.

### CLASSES 2022

---

This term will see staff arrange classes for the 2022 school year. This process is very deliberate and time consuming, but also very important to creating balanced classes throughout the school. I'd like to provide parents with some of the underlying principles that drive our decision making:

1. We always aim to create classes that are balanced in need. We consider the academic, social, emotional and behavioural needs of the children when placing them in a class. This is never straight forward and often needs considerable thought. A past practice has been that students nominate a friend, but as you can appreciate this is very difficult to accommodate in a school with 588 students. This practice will no longer be a deciding factor in class placements.
2. We consider the gender balance within the group, the body of knowledge that we have gathered on each child and any parent input that may assist.
3. We always endeavour to be just, fair and compassionate to the needs of each child.

I invite parents to write to me if you have information about your child that may assist the staff in placing your child. While I always stipulate that parents are not able to request certain teachers and groups of friends, there is often information that, as a school, we are unaware of and would benefit from knowing. **Please put your consideration in writing and send to the office addressed to Miss Rostirolla by the end of Week Four, Friday 29 October.**

I would also like to stress that our staff know their students very well and will do their very best throughout this process. I urge parents to trust us in making informed decisions that we consider will be the best for each child.

*Principal*

## Visual Arts

### CELEBRATING YEAR ONE

Last term, students in Year One were learning about dinosaurs so during their Visual Art lessons they created a multimodal picture around the prehistoric theme. A background was painted using watercolours to make it look like a sunset sky. Dinosaurs were glued to this background after being drawn on black paper with HB pencils and cut out. Landscape details, such as volcanoes and trees were added using crayons.

Earlier in the year, students studied the work of Friedensreich Hundertwasser and used his style of drawing circular flowers to create their own gardens. They planned their drawings first in pencil then added colour using felt pens.

This term they will be drawing an abstract landscape.
