

POLICY AREA

SCHOOL TUCKSHOP POLICY

PREAMBLE

The provision of tuckshop facilities in our school is a service to students on behalf of their parents. It exists to provide food for children to access during their morning tea and lunch time breaks.

While the tuckshop is expected to be a successful financial operation it is not expected to make a large profit, rather to cover costs of supplies, wages of co-ordinator and replacement of equipment.

VALUES

Work in partnership with parents, trust, curriculum support, well-being of children, accountability, service, justice and fairness.

REFLECTION MATERIAL

New Food Safety Standards: Information for charities and community groups. Qld. Govt. Publication;
Management Sense Food Sense: Federation of Canteens in Schools.

POLICY STATEMENT

Queensland Food Safety Standards: Qld Govt. Publication

The Emmanuel School tuckshop, in partnership with the P&F Association, exists to provide a service to the school community. The tuckshop supports family and curriculum goals in promoting safe and healthy eating practices.

CONSEQUENCES

The Emmanuel school tuckshop will:-

1. promote the immediate and long term health of students
2. promote and provide a variety of foods with nutritional balance at reasonable prices.
3. demonstrate high standards of hygiene in relation to the preparation, storage and serving of food at the tuckshop as per Workplace, Health and Safety guidelines.
4. Manage tuckshop volunteers involvement to ensure satisfactory delivery of service
5. Maintain effective communication to the wider parent community
6. Be a member of the state association of school tuckshops.
7. Regularly revise the nutritional values and prices of food sold at the tuckshop.
